EXECUTIVE SUMMARY

Aspiring software engineer passionate about creating impactful solutions, continuously learning, and gaining real-world development experience in collaborative environments.

EDUCATION

Kongu Engineering College, Erode, India

2023 – 2027

Bachelor of Engineering in Computer Science and Engineering

CGPA: 8.70 (till 5th semester)

Cluny Matric Higher Secondary School, Salem, India

2023

HSC (12th) Grade: 88.33%

PROJECTS DONE

Legal AI Assistant — *ReactJS, MongoDB, LangChain, LLaMA* — GitHub

- Developed an AI-powered legal assistant using RAG to deliver context-aware legal insights. Optimized query retrieval and integrated secure backend APIs to enhance system performance and reliability.

Furniture E-Commerce Platform — *ReactJS, Node.js, MongoDB, Express.js* — Live Demo

- Developed and deployed a full-stack furniture e-commerce platform for a real client with responsive UI, dynamic product management, authentication, and admin dashboard functionalities. Integrated backend APIs and optimized database workflows for efficient order and inventory handling.

Car Rental Application — *HTML, CSS, JavaScript, MongoDB* — Live Demo

- Built a secure car rental system with optimized database design and responsive UI, improving booking efficiency and enabling smooth real-time data handling through structured workflows and input validation.

News Curator Platform — *HTML, CSS, JavaScript, MongoDB, NewsAPI* — Live Demo

- Developed a full-stack news aggregation platform integrating external APIs to filter and deliver personalized content, improving user engagement through dynamic search and modular UI components.

AREA OF INTEREST

- Data Structures
- OOP

TECHNICAL SKILLS

Languages: Java, C, JavaScript

Databases: MongoDB, SQL

Web Tech: HTML, CSS, ReactJS

Tools: Git, n8n, Figma

Concepts: OOP, Data Structures, DBMS

SOFT SKILLS

- Problem Solving, Communication
- Leadership, Adaptability

ACHIEVEMENTS

- 1st Prize – **Code Camp** conducted by Freelancers Club
- 1st Prize – **SIH Internal Hackathon**
- 1st Prize – **Proof of Concept Project Presentation**
- 1st Prize – **Vibathon** conducted by StartNetVibe
- Solved **260+** DSA problems on LeetCode

CERTIFICATION

- MongoDB Associate Developer Certification

MongoDB University

- Oracle Certified Professional: Java SE 17 Developer

Oracle

INTERNSHIP

Product Development Intern, Combo Square

- Developed features for a Smart Shopping Cart system handling real-time data, improving processing efficiency by approximately 20% and enabling smooth transactions for multiple users.

ENGAGEMENTS AND INVOLVEMENTS

- Secretary – Gender Equality Club
- Advisory Committee – Cultural and Music Club
- Member – Cloud Users Group
